COVER LETTER

Dear IACP members and friends,

On behalf of the IACP Board of Directors (2021-2023), I am thrilled to share with you the exciting activities and accomplishments of the IACP in 2022 and to extend our heartfelt appreciation for your continued support.

In 2022, the new IACP Board of Directors (BOD) leadership took bold steps to expand our reach and serve our members more effectively. We actively sought out new opportunities to promote academic exchanges and cooperation in the field of China planning. Our efforts have been met with great success, and we are proud of the positive impact that we have been able to make. We also worked hard to ensure that the IACP's usual operations were running smoothly, so that our members could continue to receive the high-quality services and support that they have come to expect from IACP. It's a privilege to serve the community and we are excited to continue this journey.

IACP and our local host, Huazhong University of Science and Technology, worked together to successfully host the 16th Annual Conference (virtual) from June 23-27, 2022. The theme of the conference, "Urban-rural healthy and sustainable development" brought in a wealth of diverse perspectives and ideas. We received 550 abstract submissions, and the 5-day virtual conference was filled with engaging activities such as the Dean's Forum, four special sessions, round tables, and 66 parallel sessions.

IACP had the pleasure to host an in-person annual business meeting at the ACSP annual conference in Toronto, Canada on November 3rd, 2022. As the chair of the IACP BOD and along with the treasure Professor Jungfeng Jiao, we had the honor of sharing IACP's activities and financial updates from the past year with both the Advisory Committee and IACP members. It was truly exciting to have an in-person meeting for the first time since 2019, and everyone was thrilled to come together and discuss the operations, opportunities, and challenges of IACP.

序言

尊敬的国际中国规划学会会员和朋友们：

我谨代表国际中国规划学会理事会（2021-2023）向您汇报国际中国规划学会（以下简称“学会”）在2022年的工作，并对您的支持表示衷心的感谢！

新的理事会自2021年秋季上任以来，除了继续学会的传统活动，积极探索新的措施和活动扩大学会的影响力，促进中国规划领域的国际学术交流与合作，更有效地服务我们的会员。目前，这些新的活动和措施已经取得积极的影响和成效。服务会员是我们的荣幸。学会理事会期待在新的一年里继续开拓进取，让我们的会员和朋友能够继续获得更高质量的服务和支持。

2022年6月23日至27日，学会和华中科技大学合作成功举办了第十六届年会（线上）。会议的主题是“城乡健康和可持续发展”。年会共收到了550份论文摘要。为期5天的大会举办了丰富多彩的学术交流活动，包括院长论坛、四个特别学术论坛、多个圆桌会议以及66场平行会议。

2022年11月3日，学会理事会在加拿大多伦多的ACSP年会上成功举办了2022年度工作会议。我代表学会和学会财务官焦峻峰一起与学会咨询委员会和学会成员分享了过去一年的主要活动和财务状况。这是学会自2019年以来第一次举办线下会议。参会的理事会成员与广大会员一起共同讨论了学会来年的运作以及学会面临的机遇和挑战。

2022年12月21-22日，学会与佛罗里达大学城市与区域规划系合作，在佛大校园共同举办了“第一届国际中国规划学会规划研究与职业发展研讨会”。本次研讨会得到了ACSP全球规划教育委员会（GPEC）的大力支持。我们荣幸邀请

In collaboration with the Department of Urban and Regional Planning at the University of Florida (UFL), we organized the First IACP Planning Research and Career Development Symposium on the UFL campus on December 21-22, 2022. The Symposium was supported by the ACSP Global Planning Education Committee (GPEC). We had the pleasure of inviting 11 accomplished planning professors to discuss advanced topics in urban studies and planning. At the career development roundtable meeting, four planning professors shared their experiences in job searching and research grant applications. The symposium also featured poster presentations from eight promising junior scholars and Ph.D. students. To cap off an exciting couple of days, we held a session on IACP strategic plan, where four former IACP chairs and BOD members provided a glimpse into the long-term vision of IACP.

We at IACP were excited to kick off the Job Search and Career Development Workshop Series in the Fall of 2021, and by December 2022, we had hosted a total of 10 successful seminars. These seminars covered a wide range of topics, including the planning faculty job market in North America, Europe, and Australia, as well as an in-depth look at the planning job market and career development opportunities in China. We also held four job fair sessions that brought together 31 planning programs from universities across China, providing a valuable networking and career development opportunity for attendees. Overall, it was a great success and we are looking forward to continue providing more of these workshops.

On January 13-16, 2023, IACP and the School of Public Policy and Management at Tsinghua University (China) organized a writing workshop for junior urban scholars. The workshop featured eight current and former editors of several top-notch journals in the fields of urban studies and planning. The writing workshop received about 80 high-quality applications from young urban scholars in China and all over the world and accepted about half of them to participate in the workshop. The whole-group lectures were live-broadcasted and a few hundred Ph.D. students and young scholars had

了11位规划以及城市研究领域的知名学者教授共同探讨城市研究和规划领域的前沿课题。四位规划教授在职业发展论坛上分享了他们在寻找教职以及申请研究基金方面的经验。八位年轻学者和博士生在论坛上以海报的形式展示了他们最新的研究课题。此外，研讨会还举办了一场关于学会长期战略规划的圆桌论坛，邀请四位前IACP主席和理事会成员对学会的长期发展进行了展望。

新一届学会理事会在2021年秋季启动了“国际中国规划学会求职和职业发展系列研讨会”。截至2022年12月，我们总共成功举办了10场研讨会，邀请相关专家学者给年轻学者和博士生介绍在中国、北美、欧洲和澳洲学术市场寻找教职的经验。我们还举办了四场招聘会，共31所中国大学的规划和相关院系参加了招聘会，为与会者介绍他们的招聘职位并回答了与会年轻学者的问题。

2023年1月13-16日，学会与清华大学公共政策与管理学院共同举办了“第二届国际中国规划学会年轻学者写作工作坊”。工作坊邀请了8位城市研究和规划领域知名期刊主编为年轻中国规划学者讲解学术论文写作与发表的技巧以及职业发展规划。工作坊共收到了来自中国和世界各地的青年城市学者约80份高质量申请，接收了大约40人参加写作班。工作坊对三个讲座进行了线上直播，几百名博士生和青年学者在线观看直播。

与我们的会员和朋友保持沟通对学会的发展重要。除了本次年度简报，我们还发布月度简报，以便更及时向会员介绍我们的最新活动。我们每月发布2-3个规划教授亮点简介，向广大同行介绍领域内的年轻学者。我们同时利用各种网络和自媒体平台，包括学会官方网站和微信公众号，及时向会员和关注我们的朋友分享学会的信息和活动情况。

展望未来，学会理事会期待在新一年中举办更多的活动，服务会员，扩大学会影响力。学会

the opportunity to learn from the eight editors about writing and publication skills as well as their advice on career development and work-life balance.

Maintaining communication and engagement with our members and friends is of the utmost importance for IACP. In addition to the annual newsletter, we issued monthly newsletters which gave updates on our activities more frequently. We published 2-3 faculty highlights each month to promote young scholars in our fields. To reach a wider audience, we utilized various digital platforms such as our updated IACP website and the IACP WeChat official account. These platforms allowed us to share important information and updates with a larger audience.

As we look to the future, IACP is excited to announce that the 17th annual conference will be hosted by Tianjin University (China) and is tentatively scheduled for June 28 - July 2, 2022. This is an excellent opportunity for members and friends to come together, share their research and ideas, and learn from one another. In addition to the annual conference, we are also in the process of discussing and developing other activities to engage and involve our members. The IACP BOD is confident that we have begun our tenure on a strong footing. I would like to extend my sincerest gratitude to all IACP BOD members for their hard work and to our members and friends for your continuous support. If you are not yet a member, we encourage you to consider becoming one. Your support and participation are vital to the success of IACP and the advancement of international research on China planning.

Happy New Year!

Chair of IACP Board of Directors
Hongwei Dong

目前正在和天津大学建筑学院积极筹备第17届年会，我们期待与广大会员和朋友们在天津相聚，共同交流和学习。除年会外，我们还在讨论和开发其他活动。总的来说，2022年是非常成功的一年。我在此对学会理事会成员的辛勤工作以及广大会员和朋友的支持表示最诚挚的感谢。同时，如果您还没有成为会员，请您考虑加入我们成为会员。您的支持和参与对于学会的成功和中国规划的国际研究至关重要。

祝新年快乐！

国际中国规划学会理事会主席
董宏伟

成员组成

我们已经拥有了六百八十多个会员。这其中包括130多位活跃会员。我们成员大部分在北美和中国，但是来自亚洲、欧洲和大洋洲其他的国家的成员数量在持续增长。这些成员包括了城市规划、地理和建筑领域的教授、学者和学生。我们的成员还有为世界银行、政府规划部门、城市管理部门和非盈利组织工作的从业人员。

IACP now has over 680 members out of which about 130 members are highly active. Our members are mainly in North America and China, but we increasingly have members from other countries in Asia, Europe, and Oceania. Our members include professors, scholars, and students in urban planning, geography, and architecture. We also have practitioner members working for the World Bank, planning offices of the government, urban management departments, and NGOs.

IACP EUROPEAN CHAPTER

国际中国规划学会欧洲分会

IACP European Chapter has formally established in August 2022 upon the approval of the Chapter Bylaw by the IACP Board of Directors. The Bylaw was developed by Dr Fei Chen, Reader in Urban Design from the University of Liverpool, UK who was appointed as the Interim Director of the European Chapter in December 2021. Led by Dr Chen, the Chapter had an open meeting with members and non-members in September 2022, following which a WeChat group was created and saw continuous growth in the past few months. By Jan 2023, over 220 scholars and students across Europe and beyond joined the WeChat group.

The European Chapter so far has successfully organised two workshops. One was on career development and job search in the UK and the other on English journal paper writing. The first workshop was delivered on 11th Nov 2022. Chaired by Dr Chen, four panellists, Dr Xi Junjie, Dr Shi Yuan from the University of Liverpool, Dr Zhao Quanshan from Glasgow University and Dr Jin Jiayi from Northumbria University shared their experiences on job search, CV preparation and interview skills. The second workshop, held on 23rd Jan 2023 and chaired by Dr Tang Yue from Nottingham University, attracted over 120 participants. Professor Cao Xinyu (University of Minnesota), Professor Wang Qingfang (UC Riverside) and Dr Wang Zheng (King's College London) who are/were editors of renowned international journals served as the panellists and shared their insights on a range of matters related to academic writing. Both sessions were well received by the participants.

A third workshop on grant writing is planned for March 2023. The European Chapter aims to connect scholars and students in Europe internationally and to facilitate academic communications and advancement through regular activities.

IACP欧洲分部的章程于2022年8月由IACP理事会批准，欧洲分会正式成立。受聘于2021年12月，分会的执行主席由利物浦大学建筑学院的Reader陈飞博士担任，正式发展分会的各项事务包括起草章程。陈博士在22年9月召开了一次公开会议并建立了分会的微信群。该群日益壮大，目前有220多位研究中国城市和规划的学生学者加入。

欧洲分会自成立以来，成功举办了两次活动。第一次活动关于学术职位求职，第二次关于英文期刊论文撰写。22年11月，第一次活动由陈博士主持，邀请到了四位嘉宾介绍他们的求职经验。嘉宾包括来自利物浦大学的老师席俊杰，史源，格拉斯哥大学的赵群山，以及诺森比亚大学的金嘉懿。2023年一月举办的第二次活动由诺丁汉大学的汤岳老师主持，邀请到了三位知名期刊的编辑，他们是明尼苏达大学的曹新宇教授，加州大学河滨分校的王清芳教授和伦敦国王学院的王政博士。两次活动都收到了很大的反响，吸引了上百位听众。

欧洲分会的第三次活动将于23年3月举行，题目为基金申请。IACP欧洲分会将会致力于为欧洲的学生学者搭建国际桥梁，通过举办各种活动促进学术交流和合作。

THE 16TH IACP ANNUAL CONFERENCE WAS SUCCESSFULLY HELD VIRTUALLY IN DECEMBER

第十六届国际中国规划学会年会 成功举办

On June 23rd, 2022, the 16th IACP Conference was officially held online and in person. The conference theme was "Urban-rural Healthy and Sustainable Development". The local host was Huazhong University of Science and Technology (HUST), and the organizer was the School of Architecture and Urban Planning HUST. The sponsors included the Territorial Space Planning Society of Hubei, the Key Laboratory of City Simulation, the Hubei Engineering and Technology Research Center of Urbanization, the Wuhan Planning and Research Institute, and the College of Architecture and Urban Planning, Guizhou University. The conference focused on the development of planning education in China, urban planning responses to stock renewal, ecologi-

2022年6月23日，第十六届国际中国规划学会年会通过线上线下结合形式正式开幕，会议主题为“城乡健康与可持续发展”。本次国际会议由国际中国规划学会、华中科技大学主办，华中科技大学建筑与城市规划学院承办，湖北省国土空间规划学会、自然资源部城市仿真重点实验室、湖北省城镇化工程技术研究中心、武汉市规划研究院、贵州大学建筑与城市规划学院协办。会议聚焦中国规划教育发展、存量更新的城市规划应对、生态城市建设等领域。开幕式由华中科技大学建筑与城市规划学院院长黄亚平教授主持，华中科技大学党委委员、副校长梁茜教授与国际中国城市规划学会（IACP）主席董宏伟教授莅临大会并致欢迎

IACP Conference Venue 国际中国规划学会年会会场

cal cities, and other popular planning topics. The opening ceremony was presided over by Prof. Yaping Huang (Dean of the School of Architecture and Urban Planning of Huazhong University of Science and Technology). Prof. Qian Liang (Member of the Party Committee and Vice President of Huazhong University of Science and Technology) and Prof. Hongwei Dong (Chair of IACP) attended the conference and delivered welcome speeches. The opening ceremony also invited three authoritative scholars, including Prof. Zhiqiang Wu (Member of the Chinese Academy of Engineering and former vice president of Tongji University), Prof. Lan Zhou (vice chairman of the Urban Planning Society of China), and Prof. Timothy Beatley (School of Architecture at the University of Virginia) to deliver keynote speeches. The following are excerpts from the wonderful speeches of the three scholars:

Zhiqiang Wu

Member of the Chinese Academy of Engineering,
Vice President of Tongji University (2011-2021)
“Planning Education in China in the 1920s”

Prof. Zhiqiang Wu systematically expounded on the origin and exploration process of urban planning education in China from the late Qing Dynasty to the 1920s and revealed the original intention of Chinese people to start planning education a hundred years ago. Firstly, he traced the origin of China's modern education and the development of urban planning education at Tongji University. China's modern education began with the imitation of education in western countries. Since the founding of the first national university in modern China—the Imperial University of Peking in 1898, it has changed the education content that traditionally focused on literature education, and began to include modern scientific and technological knowledge in the formal curriculums. In the early 20th century, the early Tongji University was established with the support of the German government. After the transformation of engineering and school relocation, the new Tongji University then created a new campus, new systems, and new majors. Based on the original curriculum and the absorption of German new

词，邀请了中国工程院院士、原同济大学副校长吴志强教授、中国城市规划学会周岚副理事长与美国弗吉尼亚大学建筑学院的Timothy Beatley教授等三位权威行业专家在开幕式发表主旨演讲。以下是三位专家的精彩发言摘编：

吴志强

中国工程院院士，同济大学原副校长
《中国规划教育1920s》

吴志强院士系统阐述了中国规划教育在清末至1920年代以来的发展起源与探索历程，揭示了百年前中国人开办规划教育的初衷。首先，对中国现代化教育的起步与同济规划教育进行了溯源。中国现代化教育始于对西学的效仿。自1898年成立了中国近代第一所国立大学—京师大学堂后，便改变了以文为主的传统教育内容，开始将近代科学技术知识列为正式课程。20世纪初，在德国政府的支持下建立了早期的同济大学。经过工学转型和迁校，全新的同济大学打造了新校园、新建制、新专业，并依托原有的课程基础及德国新技术思想的吸纳，由德籍教师主导，对土木建筑专业进行了全新的教学体系纵横向构建。其次，细致讲述了1920年代同济大学规划课程体系。1922年，同济大学开设了“城市工程学”课程，是我国最早正式开设的城市规划设计课程。到1933年，短短十年内，同济大学的规划课程体系已经发展的非常完整。吴院士指出，19世纪20年代至30年代，恰逢中国的新城市正在诞生、老城市亟需复兴之际，中国的城市不仅需要建设更需要管理，东南大学、湖南大学、中山大学、清华大学等高校纷纷建立规划学科，中国

technologies, the teaching system is constructed vertically and horizontally and carried out brand new civil engineering and architecture majors with the lead by German teachers. Secondly, Prof. Wu described in detail the curriculum of the urban planning major at Tongji University in the 1920s. In 1922, Tongji University opened the “Urban Engineering” course, which is the earliest urban planning and design course officially offered in China. By 1933, within just ten years, the urban planning curriculum of Tongji University had developed into a complete system. Prof. Wu pointed out that from the 1920s to the 1930s when new cities were born in China and old cities were in urgent need of revival, Chinese cities needed not only construction but also management. Southeast University, Hunan University, Sun Yat-sen University, Tsinghua University, and other universities have established planning disciplines one after another, and China’s early urban planning education system was initially shaped. At the end of the report, Prof. Wu emphasized that China’s higher education is closely related to the modernization process of China. It not only

早期城市规划教育初步成型。报告的最后，吴志强院士强调，中国的高等教育和中华民族的现代化过程息息相关，它不仅依托于现代文明的外部力量，更是依托了中国人自己的智慧与探索。规划师不仅应当追溯我们的历史，更应当站在前人的智慧和自己的土地上，思考我们未来的使命与担当。

relies on the external forces of modern civilization but also relies on the wisdom and exploration of the Chinese people. Planners should not only trace our history, but also stand on the wisdom of our predecessors and our land, and think about our future mission and responsibility.

Lan Zhou

The 6th Vice president of the Urban Planning Society of China, Director of the Housing and Urban Rural Development Department of Jiangsu Province, Researcher level senior planner
Thoughts on Urban Renewal and Planning

Lan Zhou, vice chairman of the board, systematically expounded on the planning response based on stock renewal from four aspects: the current developing problems of urban development in China, the complex social needs of urban renewal practices, the practical path of urban renewal, and the planning transformation that responds to real social needs. She encouraged planners to answer the “questions of the times” in China today. First of all, due to the different urban developing stages and economic development levels in China compared with the Western countries, it took only 40 years for Chinese urbanization to complete the hundreds of years of development processes in other countries. In this “over fast” process, the current urban development in China has the problems of security risks accumulated by rapid urbanization, sustainable economic growth issues on a high base, and the increased need for high-quality development. Secondly, the practice of urban renewal also has complex social needs, which are mainly reflected in three aspects: the real needs of residents’ deep participation, the contradiction between multiple demands and limited spaces, and the difficulty in balancing funds for action implementation. Based on the above problems and needs, Vice Chairman Lan Zhou pointed out that the practical path of urban renewal action can start from the following four aspects: ①detailed and in-depth investigation; ② effective communication that respects resident’s wishes; ③ pragmatic sharing of funds cooperation; ④long-term in-site continuous operation. She also

周岚

中国城市规划学会第六届理事会副理事长
江苏省住房和城乡建设厅厅长
《基于存量更新的规划应对思考》

周岚副理事长从当下中国的城市发展现实问题、城市更新实践的复杂社会需求、城市更新行动的现实实操路径和响应真实社会需求的规划转型四个方面系统阐述了基于存量更新的规划应对，鼓励规划师回答这个当下中国的“时代之问”。首先，由于中国与西方国家所处的城镇发展阶段与经济发展水平不同，中国城镇化仅用了40多年的时间便完成了他国上百年的发展进程。在这个“过快”的进程中，当下中国的城市发展存在着快速城镇化累积的安全风险问题、高基数上的经济可持续增长问题以及高质量发展的百姓需求提升问题。其次，城市更新的实践也有着复杂的社会需求，主要体现在居民深度参与的现实需求、多元诉求和有限空间之间的矛盾以及行动实施的资金平衡困难三个方面。基于以上的问题和需求，周岚副理事长指出，城市更新行动的现实实操路径可从以下四个方面入手：①细致详实的深入调查；②尊重意愿的实效沟通；③资金共担的务实合作；④长期在地的持续运营，并针对响应真实社会需求的规划转型，对规划空间尺度的调整变化、规划工具方法的调整变化、规划建设管理流程的整合以及规划理论创新的可能方向进行了全面的阐述。最后，周岚副理事长强调，规划建设者需要积极融入中国城镇化的新发展进程，从习惯推动“谋篇布局”的“物的城镇化”，转为致力推动“以人为本”的“人

stated the planning transformation that responds to real social needs, the adjustment and change of the planning scale, the adjustment and change of planning tools and methods, the integration of planning and construction management processes, and the possible direction of planning theory innovation should be carried out. Finally, Vice Chairman Lan Zhou emphasized that planners need to actively integrate into the new development process of China's urbanization, from the habit of promoting the "urbanization of things" of "planning the layout" to the "people-oriented" urbanization, and need to form a planning theoretical system with Chinese characteristics in the process of promoting the great rejuvenation of China and the development and growth of modern Chinese urban civilization.

Timothy Beatley

Teresa Heinz Professor of Sustainable Communities, Urban & Environmental Planning, School of Architecture, University of Virginia
Cities that Love Nature: The Vision of Biophilic Cities

In the report, Prof. Timothy Beatley discussed how nature and cities coexist harmoniously, how to create a more livable urban environment, provided a comprehensive guide for the practice of ecological cities, and provided insights on how cities can integrate nature into planning and design processes and practices. Prof. Beatley pointed out that human beings are born with close emotional connections with other creatures, which is a part of human nature. Such nature of loving nature systems and all living systems is called 'biophilia' in psychology, and it is also the main basis for the construction of biophilia cities. First of all, human living space comes from nature. The core of the development of ecological cities should be to establish an urban space where nature and humans coexist harmoniously, and integrate nature into the city from different dimensions such as architecture and landscape. Prof. Beatley proposed that urban planners should be committed to making cities more sustainable and resilient. Cities need nature, which is a necessary factor for people to live a healthy, happy, and meaningful life. Secondly, in essence, we have an innate connection with

的城镇化”，在推动中华民族伟大复兴、中国城市现代文明发展壮大进程中形成中国特色的规划理论体系。

Timothy Beatley

弗吉尼亚大学建筑学院教授

《亲近自然的城市：生态城市的愿景》

Timothy Beatley教授在报告上探讨了自然与城市如何和谐共存，如何创造更宜居的城市环境，为生态城市的实践提供了一个全面指南，对于城市如何在规划设计过程和实践融入自然提供了丰富的参考信息。Timothy Beatley教授指出人类天生与其他生物有着亲密的情感连结，这是人类本性的一部分。这种热爱大自然及所有生命系统的天性，在心理学上被称为“亲自然性 (Biophilia)”，也是亲自然性城市建设的主要基础。首先，人类的生存空间来源于自然，生态城市的发展内核应当是建立自然与人类之间和谐共存的城市空间，从建筑和景观等不同的维度将自然融入到城市当中。Timothy Beatley教授提出作为城市规划者，要致力于城市的建设更具可持续性、更有弹性，城市需要自然，这是人们获得健康幸福有意义生活的必要因素。其次，从本质上来说，我们与自然之间具有与生俱来的联系，人类与自然共同进化，因此我们对森林、河流、花鸟这些大自然中的事物反应也是积极的。最后，Timothy Beatley教授对多伦多市、新加坡、阿灵顿以及成都等城市的生态城市实践进行了解析，并从鸟类友好城市设计、绿色屋顶和绿墙、绿色塔楼、疗愈空间、多感官体验等方面分析了亲自然的空間设计，为生态城市建

nature, and humans and nature have co-evolved, so we generally respond positively to things in nature such as forests, rivers, flowers, and birds. Finally, Prof. Beatley analyzed ecological city cases such as Toronto, Singapore, Arlington, and Chengdu. The analysis of pro-nature space design from the perspectives of bird-friendly urban design, green roofs and green walls, green towers, healing spaces, and multi-sensory experiences provided an innovative research perspective for the construction of ecological cities.

After the keynote reports, Dean Yaping Huang expressed his sincere gratitude to the three keynote speakers for their wonderful reports, and pointed out in the summary that the three scholars provided great insights for practitioners from the perspectives of China's planning education, urban renewal practices, and ecological city construction, and brought very enlightening academic speeches. These speeches can provide valuable historical data, practical experience, and advanced concepts for the construction of planning disciplines, and also provide insights for the future development of practical planning. We look forward to seeing the domestic and foreign experts, scholars, and practitioners in the urban planning field who will conduct more in-depth and extensive exchanges and practices in the future.

The conference lasted for five days and took the form of online conferences to conduct in-depth exchanges and discussions on issues such as healthy urban and rural areas, sustainable development, dual carbon goals, and resilient land and space. The conference discussed the advanced concept and successful experience of global urban and rural space development, planning, and governance under the trend of new globalization and regionalization. During the conference, 4 special forums and 1 round-table forum were held, 14 groups (70 in total) of parallel venues were opened, and more than 350 domestic and foreign experts, scholars, and selected papers provided speeches.

设提供了创新性的研究视角。

主旨报告结束后，黄亚平院长对三位行业专家的精彩报告表达了诚挚的感谢，并在总结中指出，三位行业专家从中国规划教育、城市更新实践与生态城市建设的角度为广大从业者带来了极具启迪性的学术报告，为规划学科建设和行业发展提供了宝贵的史料依据、实践经验与先进理念，也为未来规划行业与学科的发展提出了真知灼见，期待国内外专家学者和从业者在该领域进行更为深入和广泛的交流、实践。

本届大会的会期为五天，采取线上会议的形式，就健康城乡、可持续发展、双碳目标、韧性国土空间等问题展开深入交流与讨论，探讨在新的全球化与区域化发展语境下，全球城乡空间发展、规划与治理的先进理念与成功经验。期间举办4个特别论坛、1个圆桌论坛，开设14组（总计70个）平行会场，有超过350名国内外专家学者和论文入选者交流发言。

The closing ceremony on June 27th adopted a combination of online and offline. The online meeting was chaired by Prof. Chen Zhenhua (School of Architecture, Ohio State University), and invited Prof. Rayman Mohamed (Director of the Department of Urban Studies and Planning, Wayne State University), Prof. Zhi Yin (School of Architecture, Tsinghua University

, executive vice president of the New Urbanization Research Institute) and Prof. Shenjing He (head of the Department of Urban Planning and Design at the University of Hong Kong) to make keynote speeches. The following are excerpts from the wonderful speeches of the three scholars:

Rayman Mohamed

Professor and Chair of the Department of Urban Studies and Planning, Wayne State University

Vice-President and President-Elect of the Association of Collegiate Schools of Planning

“Perceptions can be More Important than Reality: Creating Urban Place to Help Reduce Obesity”

Prof. Rayman Mohamed systematically expounded on the theme of the conference “Urban and Rural Health and Sustainable Development”, and talked about the view of “urban facilities” as a predictor of residents’ obesity. When it comes to its impact on human health, an understanding based on resident perception may be more important than an understanding based on urban spatial measurements. Our research confirms that the core of environmental psychology is human perception, that is, the goal of people’s mode of interpreting the existence and meaning of space is to better use and control urban space. We believe that alleviating the obesity problem of urban residents requires prior comprehensive consideration by policymakers and planners. On the one hand, we need to work hard to create a convenient community with one-stop daily services, and on the other hand, we should strengthen the positive impact of the community’s high-quality built environment on residents’ perception. Learning from planning practices around the world, through the intervention and intervention of urban planning and design, we may change residents’ perceptions of

6月27日的闭幕式同样采取线上线下结合的方式，线上会议由美国俄亥俄州立大学建筑学院陈振华副教授主持，邀请了美国韦恩州立大学城市研究和规划系主任Rayman Mohamed教授、清华大学中国新型城镇化研究院执行副院长尹稚教授、香港大学城市规划与设计系主任何深静教授做主旨报告。以下是三位专家的精彩发言摘编：

Rayman Mohamed

美国韦恩州立大学城市研究与规划系主任、教授

美国规划学院协会副主席和当选主席

《观念可能比现实更重要：创造城市市场所以减少肥胖》

Rayman Mohamed教授系统阐述了“城乡健康与可持续发展”这一会议主题，并谈论了将“城市设施”作为居民肥胖预测因素的看法。当涉及到其对人类健康的影响时，基于居民感知的理解可能比基于城市空间测量的认识更为重要。我们的研究证实：环境心理学的核心是人类感知活动，即人们解释空间存在以及空间意义的模式，其目的是更好地使用和驾驭城市空间。我们认为，缓解城市居民的肥胖问题，需要决策者和规划师们进行事前的统筹考虑。一方面需要努力地创造一站式日常服务的便捷社区，另一方面应加强社区优质建成环境对居民感知的积极影响。从全球各地的实践来看，通过城市规划及设计的介入和干预，我们有可能改变居民对城市空间的认知。

本次会议就健康城乡、可持续发展、双碳目标、韧性国土空间等问题展开深入交流与讨

urban space.

Zhi Yin

Professor, School of Architecture, Tsinghua University

Health and Sustainability - Choices and Disciplinary Issues for National Strategies

Professor Zhi Yin talked about the understanding of the human problem-solving process when faced with complex and giant urban systems. From the perspective of systematic thinking, this process is a process of continuous alternate transformation between situation description and process description of a complex realistic situation. If we want to survive and develop, we must clarify the interaction between the goal in the perception world and the behavior in the process world. This is the core task of contemporary policy analysis: that is, given a desired situation (goal) and the existing situation (status quo), the task of any adaptive organism to live or live better is to find the difference between these two states (problem), and then find the relevant process to eliminate such difference (means set or sequence of approaches to solving the problem). Urban planning plays three roles in this problem-solving process: First, the situation description and process description of complex systems come from a wide range of disciplines and practice accumulations, including descriptive phenomenon summary (pattern) and organic rational explanation exploration (model). The second is to identify and judge the intermediate stable state that exists in the evolution of complex systems and use this as a reference to determine the state (goal) we yearn for. The third is how to make the process from the previous intermediate steady state (status quo) to the next steady state “more effective”. Prof. Yin further elaborated on the solutions to the above-mentioned complex system problems by taking health and sustainable development issues as examples, and at the same time brought us his views on the relationship between discipline construction and planning practice needs from the perspective of planning knowledge production transformation.

论，探讨在新的全球化与区域化发展语境下，全球城乡空间发展、规划与治理的先进理念与成功经验。

尹稚

清华大学建筑学院教授，博士生导师，清华大学中国新型城镇化研究院执行副院长

《健康、可持续发展与规划知识生产的变革》

尹稚教授谈到面对城市这个复杂巨系统时，对人类解决问题过程的理解。从系统思维的视角看，这个过程是对一个复杂现实情景的状态描述和过程描述不断交替转换的过程。我们要生存和发展下去必须弄清感知世界中的目标和过程世界中的行为之间的相互作用，这是当代政策分析的核心任务：即给定一个向往的状态（目标）和现有的状态（现状），任何适应性生物要想活下去或活的更好的任务，就是找到这两个状态的差别（问题），然后找到消除这差别的相关过程（解决问题的手段集或手段序列）。在这个解决问题的过程中规划发挥着三方面的作用：一是复杂系统的状态描述和过程描述来自于广泛的学科和实践积累，既有描述性的现象总结（pattern），也有机理性的解释探索（model）。二是识别和判断在复杂系统演进过程中存在的中间性稳定状态，并以此为参照物确定我们向往的状态（目标）。三是如何使从上一个中间性稳态（现状）向下一个稳态的过程“更有效”。尹稚教授进一步以健康和可持续发展问题为案例阐述了上述复杂系统问题的解决思路，同时从规划知识生产变革角度为我们带来他对于学科建设和规划实践需求之间关系的观点。

Shenjing He

Head of Department and Professor, Department of
Urban Planning and Design,
University of Hong Kong

Fellow of the British Academy of Social Sciences
Urban Redevelopment under State-led Financializa-
tion in Post-2008 China

Prof. Shenjing He discussed the two stages of China's state-led financial capital injection into the built environment after the global financial crisis in 2008, which had a major impact on Chinese urban reconstruction: the first stage (2011-2020) - shanty town reconstruction plan (SRS); the second phase (2016-present) - long-term rental apartment (LRA) development plan. The goals and characteristics of SRS can be concluded in three points: (1) to provide decent housing for the poor and alleviate the severe social inequality and polarization produced in the past three decades; (2) to introduce various innovative financial measures and tools; (3) to expand SRS from large cities to small cities in underdeveloped areas. In the second stage, since 2017, major real estate developers have been motivated to enter the LRA market, and top developers have played an active role in the long-term rental apartment sector. After 2008, financial capital has become the main force to reshape the urban built environment, and financialization is still a strategic choice for the country to deal with crisis management.

何深静

香港大学城市研究教授、城市规划与设计系主任、英国社会科学院 (FACSS) 院士

《2008年后中国国家主导金融化下的城市再开发》

何深静教授探讨了2008年全球金融危机后，中国国家主导的金融资本注入建成环境，对城市重建产生重大影响的两个阶段：第一阶段(2011-2020年)——棚户区改造计划 (SRS)；第二阶段(2016年-至今)——长期租赁公寓 (LRA) 发展计划。SRS的目标和特点主要有三个：(1) 为穷人提供体面的住房，并减轻过去三十年产生的严重社会不平等和两极分化；(2) 引入了各种创新的金融措施和工具；(3) SRS从大城市扩展到欠发达地区的小城市。在第二阶段，自2017年以来，主要的房地产开发商被激励着进入LRA市场，顶级开发商已经在长租公寓领域发挥了积极作用。2008年后，金融资本成为重新塑造城市建筑环境的主要力量，金融化仍然是国家应对危机管理的战略选择。

After the keynote report, the conference held an award ceremony. There are six winners in this IACP conference, who are listed as the followings:

主旨报告后，大会进行了颁奖仪式，本届IACP大会共有六位获奖者，分别是：

2022 IACP Karen Polenske Award

Tao TAO

Scrutinizing built environment interventions for driving mitigation in American suburbs

Ph.D. candidate

University of Minnesota

2022 IACP Best Student Paper Award

Shuhong WANG

Grandparenting and Subjective Well-being in China: The Moderating Effect of Hukou, Gender, Age, and Income

Ph.D. candidate

City University of Hong Kong

2022 IACP Rising Scholar Award

Chenghe GUAN

Assistant Professor

NYU Shanghai

2022 IACP Transportation and Climate Change Award

Quan YUAN

The application of XGBoost and SHAP to examining the factors in freight truck-related crashes: An exploratory analysis

Research Professor

Tongji University

2022 IACP Economic Approach in Urban Sustainability Studies Award

Sylvia He

Regional impact of rail network accessibility on residential property values: Modelling spatial heterogeneous capitalisation effect in Hong Kong

Associate Professor

The Chinese University of Hong Kong

2022 IACP Distinguished Service Award

Qing SHEN

Professor

University of Washington

After the award ceremony, Prof. Chong Peng spoke on behalf of the organizer, School of Architecture and Urban Planning at Huazhong University of Science and Technology. She first reviewed the close relationship between the school and IACP in terms of talent recruitment, academic exchanges, cooperative education, and joint training for more than ten years. Secondly, she expressed her congratulations, gratitude, and expectations. She thanked IACP, Huazhong University of Science and Technology, and the co-organizers, especially the conference committee members for their long-term and unremitting efforts in preparing for the conference, and thanked the participating scholars and students for their strong support for the conference.

The conference announced that Tianjin University will be the local host for the 17th Annual Conference of the International Association of Chinese Planning (IACP). Prof. Zeng Peng, deputy dean of the School of Architecture of Tianjin University, spoke on behalf of the next host, promising to plan and make careful preparations.

Focusing on the theme of “Urban and Rural Health and Sustainable Development” during the five days, the conference comprehensively discussed urban and rural public safety, climate change and dual-carbon policies, eco-system protection, resilient cities, smart cities and new planning technologies, social integration, and inclusive cities, urban renewal and historical district protection and many other planning issues. In the context of epidemic prevention and control, nearly 400 experts, scholars, and students from all over the world participated in the conference. Although geographically separated, they shared knowledge and provided many valuable insights into China’s high-quality urban and rural development and land and space governance in the new era.

颁奖仪式结束后，彭翀教授代表承办方华中科技大学建筑与城市规划学院发言。她首先回顾了学院与IACP十余年来在人才招聘、学术交流、合作办学、联合培养等方面的紧密联系。其次，表达了祝贺、感谢和期待，她感谢IACP、华中科技大学及协办单位，特别是组委会同事们为大会筹备做出的长期不懈努力，感谢与会专家和同学们对会议的大力支持。

大会宣布天津大学将作为第十七届国际中国规划学会(IACP)年会承接方。天津大学建筑学院副院长曾鹏教授代表下届承办单位发言，承诺将提前谋划、精心准备。

本次会议在五天的会期内围绕“城乡健康与可持续发展”主题，全方位地探讨了城乡公共安全、气候变化与双碳政策、生态环境保护与韧性城市、智慧城市与规划新技术、社会融合与包容性城市、城市更新与历史文化保护等诸多议题。在疫情防控的背景下，与会的近400名世界各地专家学者，地理虽隔、但知识共享，为中国新时代的城乡高质量发展与国土空间治理提出了许多真知灼见。

IACP Business Meeting

国际中国规划学会商务会议

We successfully held the annual business meeting and reception at ACSP. We thank all members who were able to join and hope you enjoyed meeting up in person!

我们在ACSP年会成功主办了IACP商务会议及接待会。我们感谢所有参与的会员并且希望你们享受此次商务会议！

Awards

奖项

2022 IACP Best Student Paper Award

Shuhong Wang for the paper titled “Grandparenting and Subjective Well-being in China: The Moderating Effect of Hukou, Gender, Age, and Income”

2022 IACP Karen Polenske Award

Tao Tao for the paper titled “Scrutinizing built environment interventions for driving mitigation in American suburbs”

2022 IACP Economic Approach in Urban Sustainability Studies Award

Sylvia He for the paper titled “Regional impact of rail network accessibility on residential property price: Modelling spatial heterogeneous capitalisation effects in Hong Kong”

2022 IACP Transportation and Climate Change Award

Quan Yuan for the paper titled “The application of XGBoost and SHAP to examining the factors in freight truck-related crashes: An exploratory analysis”

2022 IACP Rising Scholar Award

Chenghe Guan, New York University Shanghai

2022 IACP Distinguished Service Award

Qing Shen, University of Washington

2022年IACP最佳学生论文奖

王淑红，题为“中国的隔代教养与主观幸福：户口、性别、年龄和收入的调节效应”

2022年ACSP / IACP凯伦·波伦斯克最佳学生论文奖

陶涛，题为“审视缓解美国郊区驾车出行的建成环境政策”

2022年城市可持续发展研究中的经济方法奖

何颖，题为“铁路网可达性在区域层面对住房价格的影响：模拟香港的空间异质性资本化效应”

2022年IACP交通与气候变化奖

袁泉，题为“XGBoost和SHAP在检验货运交通事故相关因素中的应用：探索性的分析”

2022年IACP新星学者奖

关成贺，纽约大学上海校区

2022年IACP杰出服务奖

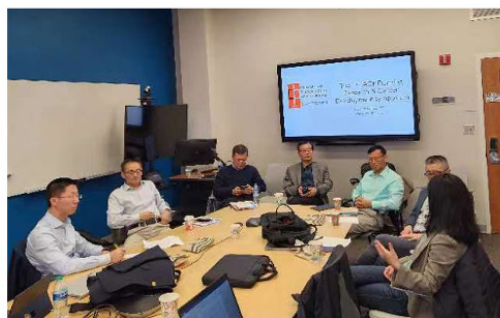

沈青，华盛顿大学

Inaugural IACP Planning Research and Career Development Symposium

首届规划研究职业发展工作坊

Over 30 IACP members met for the 1st IACP Planning Research and Career Development Symposium, which will be held over two days on December 21-22, 2022, at the University of Florida (Gainesville, FL). The event included presentations on key contemporary China planning issues, a career development round table, a poster session as well as a strategic planning meeting for the future of IACP.

在2022年十二月21和22日，超过30个IACP的成员欢聚在第一届IACP规划研究与职业发展研讨会。本次研讨会在佛罗里达大学举办，包括了关于当代中国主要的规划问题的报告，职业发展圆桌会议，海报展示会关于IACP未来发展的战略规划会议。

Job Search and Career Development Workshops

求职和职业发展讲座

IACP Junior Scholars: Job Market in China

青年学者：中国教职市场

On January 12th, 2022, IACP Young Scholar Committee organized a workshop on how to prepare job market in China for junior faculty members. The event was moderated by Haotian Zhong, Assistant Professor at Renmin University and members of the IACP BODs. IACP invited Lu Liao (Renmin University, graduated from Cornell), Yang Ju (Nanjing University, graduated from UC Berkeley), and Hongmou Zhang (Peking University, graduated from MIT) to share their experiences and reflections on job hunting in China. The event attracted more than 100 participants.

在2022年1月12日，国际中国规划学会青年学者委员会组织了一场关于青年会员如何准备在中国求职的研讨会。本次研讨会由Haotian Zhong，人民大学助理教授以及国际中国规划学会理事会成员。国际中国规划学会邀请了Lu Liao（人民大学，毕业于康奈尔大学），Yang Ju（南京大学，毕业于加州大学伯克利分校），Hongmou Zhang（北京大学，毕业麻省理工学院）来分享他们在中国求职的经验。本次活动吸引了超过100名参与者。

IACP Virtual Job Fair

线上招聘

IACP organized 7 online job fairs under the job search and career development workshop series from February to April 2022, to help Chinese colleges and universities recruit talent, and provide a smooth information channel for young scholars at home and abroad to understand the discipline development and recruitment needs of Chinese colleges and universities. Among them, the two recruitment fairs in March were the China Public Law and Public

在2022年2月至4月期间，IACP公组织了7场线上招聘宣讲会，助力国内高校人才引进，并为海内外青年学者了解国内高校学科发展与招聘需求提供畅通的信息渠道。其中在三月份的两场招聘会是与中国留美公共管理学会共同举办的中国公共管理与公共政策院系招聘宣讲会。

在二月份的两场招聘宣讲会中，共有12所高校的规划和地理院系在2月26日和2月27日参与，

School of Architecture and Planning at Huazhong University of Science and Technology, School of Architecture at Tianjin University, and Department of Urban Planning at Tongji University. Each job fair lasted about 2 hours, and each school introduced the recruitment situation of their respective majors. The job fairs were held through Tencent Video. At the end of each fair, the participants asked questions according to their conditions and majors that they were interested in, and got detailed answers from the recruiters. The recorded job fair videos were shared on the IACP WeChat official account by Baidu Netdisk.

IACP held three online job fairs in April, respectively on April 2nd, April 3rd, and April 9th. Each job fair lasted about 2-3 hours. A total of planning and geography departments from 19 universities participated., including: School of Architecture and Art at Beijing Jiaotong University, School of Landscape Architecture at Beijing Forestry University, School of Architecture and Urban Planning at Guizhou University, School of Architecture and Urban Planning at Shenzhen University, Institute of Regional and Urban-Rural Development at Wuhan University, School of Architecture at Southwest Jiaotong University, School of Architecture and Design at China Mining University, School of Architecture at Chang'an University, School of Architecture and Urban-Rural Planning Fujian Institute of Technology, Shanghai Academy of Fine Arts at Shanghai University, School of Architecture and Environment at Sichuan University, School of Architecture and Planning at Yunnan University, School of Architectural Engineering Zhejiang University, School of Architecture and Art at Dalian University of Technology Architecture, School of Architecture and Planning at Hunan University, School of Architecture and Urban Planning at Kunming University of Science and Technology, School of City and Environment at Northwest University, School of Architecture and Urban-Rural Planning at Sichuan Agricultural University, and School of Land and Space Planning at City College of Zhejiang University. In the same way, the recruitment committees introduced the situation first, and then the participants asked questions. More than a hundred teachers and students participated in each job fair.

IACP在四月份举办三场线上招聘会，分别在4月2日，4月3日和4月9日，每场招聘会约2-3小时，共有19所高校的规划和地理院系参与，包括：北京交通大学建筑与艺术学院、北京林业大学园林学院、贵州大学建筑与城市规划学院、深圳大学建筑与城市规划学院、武汉大学区域与城乡发展研究院、西南交通大学建筑学院、中国矿业大学建筑与设计学院、长安大学建筑学院、福建工程学院建筑与城乡规划学院、上海大学上海美术学院、四川大学建筑与环境学院、云南大学建筑与规划学院、浙江大学建筑工程学院、大连理工大学建筑与艺术学院、湖南大学建筑与规划学院、昆明理工大学建筑与城市规划学院、西北大学城市与环境学院、四川农业大学建筑与城乡规划学院、浙大城市学院国土空间规划学院。同样采取先由招聘方介绍情况，再由参会者提问的模式，每场招聘会都有百余师生参与。

IACP European Chapter: Job Market in the UK

欧洲分会：欧洲教职市场

The first event organized by IACP's newly formed European chapter was a workshop focused on navigating the UK job market, delivered on 11th Nov 2022. The event was chaired by Dr. Chen Fei and featured four panellists, including Dr. Xi Junjie, Dr. Shi Yuan from the University of Liverpool, Dr. Zhao Quanshan from Glasgow University, and Dr. Jin Jiayi from Northumbria University. The panelists shared their experiences on job search, CV preparation, and interview skills. The event attracted over 70 attendees.

国际中国规划学会新成立的欧洲分部组织了第一次活动。本次活动于2022年11月11日举办，聚焦于英国求职。。研讨会由Chen Fei博士主持。嘉宾包括Xi Junjie博士，Shi Yuan博士（利物浦大学），Zhao Quanshan博士（格拉斯哥大学），以及Jin Jiayi博士（诺桑比亚大学）。嘉宾们分享了他们在搜索职位，简历准备，以及面试技巧的经验。本次活动吸引了超过了70名参与者。

国际中国规划学会协办研讨会

“Building in China” exhibition

中国建筑展览

In January 2022, Prof. Zhongjie Lin of the University of Pennsylvania, an IACP Board of Director member co-curated “Building in China: A Century of Dialogues on Modern Architecture,” a two-part exhibition tracing the China’s shifting design practices over a century from the years when many pioneers in architecture returned to the country following their training in the U.S. This exhibition was on view at Kroiz Gallery of the Architectural Archives and the Fisher Fine Arts Library at University of Pennsylvania, and was co-sponsored by Penn, Southeast University, and Tongji University and organized by Lin, Dr. Ming Tong, and Dr. Xiangning Li. The exhibit has been reviewed by leading design magazines and major newspapers including Architectural Record, The Architect, and The People’s Daily.

2022 年 1 月，IACP 理事会成员、宾夕法尼亚大学林中杰教授组织的“中国建筑：现代建筑百年对话”展览开幕。这是一个分为两部分的展览，追溯了中国设计实践一个世纪以来的转变，从上世纪初众多建筑先驱在归国实践到近年来的独立事务所的实验性建筑。该展览在宾夕法尼亚大学建筑档案馆的克罗兹画廊和费舍尔美术图书馆展出，由宾夕法尼亚大学、东南大学和同济大学共同赞助，由林博士、童明教授和李翔宁教授组织。此次展览获得了《建筑实录》、《建筑师》和《人民日报》等领先设计杂志和主要报纸的报道和评论。

Online Symposia on Architecture and Urbanization in China

线上建筑与城市发展研讨会

In April and May 2022, IACP co-hosted two online symposia on architecture and urbanization in China with University of Pennsylvania's Weitzman School of Design and the Penn-Wharton China Center. Dr. Zhongjie Lin of University of Pennsylvania, a IACP Board member, moderated both events. The first symposium featured Prof. Ming Tong of Southeast University, who gave a talk on "Building Modern China" to trace the history and interpret the work of the first generation of Chinese architects. The second event revolved around a new book entitled *Typological Drift: Emerging Cities in China* by Professors Shiqiao Li and Esther Lorenz of University of Virginia. Panel discussions followed both talks with scholars in the U.S. and China.

2022 年 4 月和 5 月，IACP 与宾夕法尼亚大学魏茨曼设计学院和宾夕法尼亚-沃顿商学院中国中心共同举办了两场关于中国建筑与城市化的在线研讨会。IACP 理事会成员、宾夕法尼亚大学林中杰博士主持了这两项活动。首场座谈会由东南大学童明教授主讲，以“建设现代中国”为题，追溯近代中国建筑历史并解读中国第一代建筑师的作品。第二个研讨会围绕弗吉尼亚大学李士桥教授和 Esther Lorenz 教授的新书《类型学漂移：中国的新兴城市》展开。若干美国和中国学者作为研讨嘉宾参加了这两次讲座后的讨论。

2022 Sustainable Urban Regeneration Symposium

2022可持续城市更新研讨会

On June 18th, 2022, Renmin University's School of Public Administration and Policy and National Academy of Development and Strategy together with Beike Beijing and IACP hosted a one-day symposium on sustainable urban regeneration. Urban regeneration is a critical challenge for post-industrial cities in China. Although various types of urban regeneration projects going on in China, all levels of governments are uncertain about how best to do, and what is at stake. It is urgent to explore theories, models, practices, and policies that centers on socially and economically sustainable urban regeneration. This one-day symposium gathered academics, researchers, practitioners, entrepreneurs, and government officials to share their research and practices on urban regeneration.

2022年6月18日，中国人民大学公共管理学院联合北京贝壳网和国际中国规划学会组织了一场为期一天的关于可持续城市更新的研讨会。城市更新对于后工业时代的中国城市提出了巨大的挑战。尽管中国有很多不同类型的城市更新项目在进行，政府的各个层面对如何更好地开展这些项目以及目前的状况都需要更多的知识和经验。现在迫切需要对于可持续城市更新的理论，模型，实践和政策的探索。学者，研究人员，实践人员，创业者，以及政府官员在本次研讨会上分享了他们关于城市更新的研究和实践。

IACP European Chapter: English Journal Paper Writing

欧洲分会：英文期刊撰写

This workshop delivered by IACP European Chapter focused on English journal paper writing skills and tips. The session was held on 23th Jan 2023, chaired by Dr Tang Yue from Nottingham University, and the panellists included Professor Cao Xinyu (editor, Transportation Research Part D), Professor Wang Qingfang (former editor, Local Government Studies) and Dr Wang Zheng (associate editor, Transaction in Planning and Urban Research). The discussion was centred around how the choice of journal may be related to career plans, topic preparation and development, the pros and cons of Open Access, journals' preference over qualitative or quantitative research methods, how editors assess manuscripts etc. The workshop attracted over 120 participants from the UK, Europe and China who hugely appreciated the insights shared by the panellists. The next workshop is planned for March 2023.

由国际中国规划学会欧洲分部于2023年1月23日举办，本次研讨会聚焦英文期刊文章写作技巧和经验。来自诺丁汉大学Tang Yue博士主持整个研讨会。参加讨论的嘉宾包括Cao Xinyu教授（主编，Transportation Research Part D），Wang Qingfang教授（前主编，Local Government Studies），以及Wang Zheng博士（副主编，Transaction in Planning and Urban Research）。讨论的主题包括期刊的选择会如何影响职业规划，文章主题的准备和提升，开源期刊的优劣，期刊对于定性和定量方法的偏好，编辑们如何评审文章原稿，等等。本次研讨会吸引了超过120名来自英国，欧洲和中国的参与者。他们对嘉宾们提出的观点给予了很高的评价。下一次研讨会计划将在2023年3月举行。

IACP Annual Conference 2023 Announcement

2023国际中国规划学会年会通告

We are happy to announce that we are currently accepting abstracts for the 17th International Association for China Planning (IACP) Conference in Tianjin, China with the conference theme “Safe, Resilient, and Sustainable Urban and Rural Development.” The conference is hosted by the International Association for China Planning, organized by School of Architecture, Tianjin University and co-organized by Tianjin University Research Institute of Architectural Design & Urban Planning Co.Ltd.

Following the COVID-19 pandemic, urban and rural ecosystems’ resilience and safety, as well as the move toward more sustainable development, have all received global recognition. To achieve future high-quality development, it becomes an important research agenda to learn from international experiences, understand the profound changes in China’s development environment, and enhance the foresight, guidance, and systematization of urban and rural planning practices.

In 2016, the third United Nations Conference on Housing and Sustainable Urban Development (Habitat III) advocated changing the urbanization model to address new challenges, such as climate change and informal, unsafe, and unsustainable urban development. The UN-Habitat’s World Cities Report 2022 further underlined safe and resilient development, prioritizing public health, and proposed to enhance the adaptation and resilience of urban and rural environments to shocks and pressures to move towards a more sustainable future. In 2021, China’s 14th Five-Year Plan and the 2035 Long-Term Goals Outline also proposed a shift to the development of super mega-cities while taking into account the multi-faceted needs of the economy, society, culture, ecology, and safety and strengthening risk management in urban governance to promote high-quality sustainable development. Recent

我们非常高兴地宣布我们开始接收第17届国际中国规划学会年会的文章摘要。本届会议在中国天津举办。会议主题是“安全、韧性、可持续发展的城乡高质量发展”。本次会议由国际中国规划学会和天津大学建筑学院主办，天津大学建筑设计以及城市规划研究院承办。

在经历了新冠疫情的全球大流行后，城乡环境的安全韧性及更可持续的发展导向已成为全球性广泛共识。如何总结国际发展经验，理解我国发展环境面临的深刻复杂变化，增强城乡规划工作的预见性、引导性及系统性，已成为未来高质量发展阶段的重要研究命题。

2016年，第三届联合国住房与可持续城市发展大会（人居III）提出要转变城市化模式以应对未来发展的新挑战，尤其需要解决气候变化、非正规、不安全以及不可持续的城市发展问题。联合国人居署《世界城市报告2022》高度关注安全与韧性发展，把公共卫生列为优先事项，提出增强城乡环境适应和应对冲击和压力，迈向更可持续的未来。2021年，我国的十四五年规划和2035年远景目标纲要之中也提出转变超大特大城市开发建设方式，统筹兼顾经济、社会、文化、生态、安全等多元需要，加强城市治理中的风险防控，促进高质量、可持续发展。各地近期的国土空间规划中也通过多措并举积极提高城市安全、韧性和可持续性。

本次年会的核心主题是“安全、韧性、可持续发展的城乡高质量发展”，诚邀来自中国和世界各地的学者、规划师、工程师和政府管理人员进行学术交流，广泛探讨新时期助力城乡高质量发展的规划学术理论与实践问题，分享交流其

spatial planning in various regions has also proposed multiple measures to increase urban safety, resilience, and sustainability.

The core theme of this annual conference is 'safe, resilient, and sustainable urban and rural development'. We sincerely invite scholars, planners, engineers, and government administrators from China and around the world to participate in academic exchanges, widely discuss planning theories and practical issues that help drive high-quality urban and rural development in the new era, and share planning research and practices in various fields such as urban economy, culture, society, and ecology. The conference aims to discuss advanced concepts and successful experiences in urban and rural planning and governance in the context of new development through keynote and parallel sessions on new planning concepts, technologies, and issues related to safety, resilience, and sustainable development.

The conference tracks include:

1. Resilient Cities and the Theory of Urban and Rural Resilient Development
2. Spatial Planning System and Territorial Spatial Planning
3. Industrial Revitalization and Urban Vitality
4. Public Health and Healthy City
5. Strategies in Response to Climate Change
6. Urban and Rural Integration and Regional Coordination
7. Urban Regeneration and Value Reshaping
8. Historical and Cultural Preservation in Urban and Rural Areas
9. Smart City and New Technologies in Planning
10. Eco-City and Sustainable Development
11. Transportation and Infrastructure Planning
12. Housing, Community, and Real Estate Development
13. Urban Design and Landscape Planning
14. Others

Please refer to the conference website for more details or go straight to the call for abstracts. Please keep an eye out for more information either on the website, through our monthly newsletter, or WeChat.

在城市经济、文化、社会、生态等多领域的研究与应用进展。会议拟就安全、韧性与可持续发展相关的规划新理念、新技术和迈向高质量发展阶段的若干重要问题展开主旨交流与分组研讨，总结新发展语境下城乡规划与治理方面的全球先进理念与成功经验。

此次会议议题主要包括：

1. 韧性城市与城乡韧性发展理论
2. 国土空间体系与国土空间规划
3. 产业振兴与城市活力
4. 公共卫生与健康城市
5. 气候变化应对策略
6. 城乡统筹与区域协同
7. 城市更新与价值重塑
8. 城乡历史文化保护
9. 智慧城市与规划新技术
10. 生态城市与可持续发展
11. 交通和基础设施规划
12. 住房、社区与房地产发展
13. 城市设计与景观规划
14. 其他

请参阅会议网站或者会议征文以获取更多地信息。随后将会有更多的相关信息发布在网站，月刊，以及微信平台，请持续关注。

Gong, Yue & MacLachlan, Ian

The literature on talent workers in China is growing into a lively subfield of urban studies. Cities are competing for talent and the provision of affordable housing and urbanists of all stripes are contributing to the debate. It will be vital to plan for the housing and welfare of talent migrants and their families if China is to succeed in attracting overseas talent and offering superior amenities and quality of life. As a contribution to these challenges, Ian MacLachlan & Yue Gong have recently published three research articles.

(1) China's new age floating population: Talent workers and drifting elders. *Cities*. <https://doi.org/10.1016/j.cities.2022.103960>

(2) Community Formation in Talent Worker Housing: The Case of Silicon Valley Talent Apartments, Shenzhen, *Urban Geography*. <https://doi.org/10.1080/02723638.2021.2021368>

(3) Housing allocation with Chinese characteristics: the case of talent workers in Shenzhen and Guangzhou," *Eurasian Geography and Economics*. <https://doi.org/10.1080/15387216.2020.1819845>

Guan, ChengHe

ChengHe Guan is the Founding Co-Director of the Shanghai Key Laboratory of Urban Design and Urban Science (LOUD). He is Assistant Professor of Urban Science and Policy at NYU Shanghai, Global Network Assistant Professor and Ph.D. Advisor at NYU Robert F. Wagner Graduate School of Public Service. Dr. Guan is named the "Dongfang" Distinguished Professor by Shanghai Institutions of Higher Education in the field of urban and rural spatial planning in 2022.

The intellectual agenda of Dr. Guan's research ties into the current urban challenges and opportunities and leads to a cluster of research themes on Computational Urban Science in Planning (CUSP). His research is organized in three interconnected themes to address the particular needs for CUSP research of the society at large. The first theme is planning for sustainable post-pandemic cities in the framework of digital urban transformation. The second theme is planning for the growth of climate responsive low-carbon cities in the context of GHG mitigation. The third theme is planning for environmentally sensitive urban green and blue infrastructure using social sensing techniques. The list of selected publications in 2022 is as follows:

[1] Ren, X., Guan, C.*. (2022) Evaluating geographic and social inequality of urban parks in Shanghai through mobile phone-derived human activities. In special issue - Inequalities of infrastructure in the context of healthy and resilient cities. *Urban Forestry & Urban Greening* 76, 127709. <https://doi.org/10.1016/j.ufug.2022.127709>

[2] Guan, C., Wang, Y., Keith, M., Li, Y., Cao, G. (2022) Does local planning of fast-growing medium-sized towns lead to higher urban intensity or to sprawl? Cases from Zhejiang Province. *Cities* 130, 103869. <https://doi.org/10.1016/j.cities.2022.103869>

[3] Ren, X., Guan, C.*, Wang, D., Yang, J., Keith, M. (2022) Exploring land use functional variance using mobile phone derived human activity data in Shanghai. *Environment and Planning B: Urban Analytics and City Science* 49(9), 2531-2547. <https://doi.org/10.1177/23998083221103261>

[4] Bogdanowicz, A., Guan, C.* (2022) Public sentiment during the COVID-19 pandemic: Dynamic topic modeling of Twitter data in the United States. *PLOS ONE* 17(5) e0268669. <https://doi.org/10.1371/journal.pone.0268669>

pone.0268669

[5] You, M., Guan, C.*, Lai, R. (2022) Spatial structure of an urban park system based on fractal theory: A case study of Fuzhou, China. *Remote Sensing* 14, 2144. <https://doi.org/10.3390/rs14092144>

[6] Shi, Y., Yang, J. Keith, M., Song, K., Li, Y., Guan, C.*. (2022) Spatial accessibility patterns to public hospitals in Shanghai: An improved gravity model. *The Professional Geographer* 74(2), 265-289. <https://doi.org/10.1080/00330124.2021.2000445>

[7] Hong, A., Baker, L., Curiel, R., Duminy, J., Buswala, B., Guan, C., Ravindranath, D. (2022) Reconciling big data and thick data to advance the new urban science and smart city governance. *Journal of Urban Affairs*. <https://doi.org/10.1080/07352166.2021.2021085>

Harten, Julia

In 2022, Dr. Julia Gabriele Harten, Assistant Professor in the School of Community and Regional Planning, was awarded a Tier 2 Canada Research Chair in Data Innovation for Housing and Inclusive Urbanization. Dr. Harten is one of six UBC researchers to be appointed to a new chair. All new Tier 2 Canada Research Chairs receive an annual research stipend to help support their research program. Dr. Harten's research also received a Partnership Engage Grant, awarded by the Social Sciences and Humanities Research Council of Canada for her work on rental housing discrimination against single women in India, together with the Indian Housing Federation.

He, Sylvia

In 2022, Sylvia joined the Editorial Boards of *Journal of the American Planning Association* (JAPA), *Town Planning Review* (TPR), and *Transportation Research Part D*. She became a Chartered Member of the Royal Town Planning Institute (RTPI). She was elected as Secretary of the World Society for Transport and Land Use Research (WSTLUR). Sylvia received the IACP Economic Approach in Urban Sustainability Studies Award for her paper "Regional impact of rail network accessibility on residential property price: Modelling spatial heterogeneous capitalisation effects in Hong Kong". Among her papers published in 2022, several of them focused on the adoption of electric vehicles and the spatial planning of public charging network. Given her expertise, she was invited to moderate the HK2050ISNOW Energy and Mobility Summit panel session "E-Mobility: Harnessing Policy and Technology on Our Low-Carbon Journey". In 2022, her research team also completed a joint research project with Arup transport consulting team and co-produced a research report "Emerging mobility: Strategic Policy Directions for Sustainable Transport Development in Hong Kong".

Hu, Lingqian

In July 2022, Dr. Lingqian Hu moved to her new role as the Chair of the Urban and Regional Planning Department and the Associate Director of the School of Landscape Architecture and Planning at the University of Florida. Before the move, she was the Chair of the Urban Planning Department and the Executive for Academic Affairs and Research of the School of Architecture and Urban Planning at the University of Wisconsin-Milwaukee. During 2021-2022, Dr. Hu led FlexRide Milwaukee, a pilot micro-transit service funded by a \$1 million CIVIC award from the National Science Foundation. Additionally, she published multiple articles with collaborators across the world and edited a special issue on "transportation and environmental racism" in *Transport Research Part D*. Dr. Hu served as a Regional Representative on the Association of Collegiate Schools of Planning Governing Board (2020-2022) and currently as a member of the Committee on the Academy (2021-2025).

Huang, Youqin

In 2022, Dr. Youqin Huang published five journal articles on urban issues.

1. Cui, C., Yu, S. and Huang, Y., 2023. His House, Her House? Gender inequality and Homeownership among Married Couples in Urban China, *Cities: The International Journal of Urban Policy and Planning*, 134: 104187. <https://doi.org/10.1016/j.cities.2022.104187>
2. Li, R. and Huang, Y., 2022. COVID-19 Pandemic and Minority Health Disparities in New York City: A Spatial and Temporal Perspective, *Environment and Planning B: Urban Analytics and City Science*, published online in Sept., <https://doi.org/10.1177/23998083221126525>
3. Huang, Y. and R. Li, 2022. The Lockdown, Mobility, and Spatial Health Disparities in COVID-19 Pandemic: A Case Study of New York City, *Cities: The International Journal of Urban Policy and Planning*, Vol. 122, March, 103549. <https://doi.org/10.1016/j.cities.2021.103549>
4. Huang, Y., Li, Y.* and Clark, W.A.V., 2022. Families in Transition: Living Arrangements and Inter-generational Support in 21st Century China. *Transactions in Planning and Urban Research*. 1 (1-2): 115-134. <https://doi.org/10.1177/27541223221096767>.
5. Huang, Y. and Ren, J., 2022. Moving towards an Inclusive Housing Policy? – Migrants' Access to Subsidized Housing in Urban China. *Housing Policy Debate*. 32 (4-5), page 579-606. <https://doi.org/10.1080/10511482.2021.1996430>

Liu, Zhilin

Dr. Zhilin Liu was promoted to full professor in the School of Public Policy and Management, Tsinghua University. She guested edited (with Dr. Lan Deng) an IACP-sponsored special issue on The Dynamics and Consequences of Recent Shifts in Chinese Housing Policy, published in *Housing Policy Debate* in July 2022 (<https://www.tandfonline.com/toc/rhpd20/32/4-5?nav=tocList>). Dr. Liu was recently elected the Chair-Elect of IACP.

Wu, Fulong

Dr. Fulong Wu has published a book, *Creating Chinese Urbanism: Urban Revolution and Governance Changes*. The book is freely available from www.uclpress.co.uk/ChineseUrbanism. The book reveals the profound impacts of marketisation on Chinese society and the consequential governance changes in China. Its original and material interpretation of the changing role of the state in China makes it suitable reading for researchers and students in the fields of urban studies, geography, sociology, planning and the built environment.

Membership Drive

会员招募

Start or renew your 2023 IACP membership!

The year has just begun and we invite you to join us in many exciting events in 2023!

Active members are eligible for IACP awards, electing board membership, and attending IACP-sponsored receptions at other major academic conferences. IACP currently has more than 680 members, among which about 130 are active. Our members are mainly in North America and China, but we increasingly have members from other countries in Asia, Europe, and Oceania. Our members include professors, scholars, and students in urban planning, geography, and architecture. We also have practitioner members working for the World Bank, planning offices of the government, urban management departments, and NGOs.

Please take a moment to check your membership status at <http://www.china-planning.org/form/membership/status.php>.

If your IACP membership is not covered for 2023, please start or renew your membership at <http://www.china-planning.org/alpha/membership/> by February 28th, 2023.

开始或续订您的 2023 IACP 会员资格!

2023才刚刚开始。我们诚挚邀请您在2023年加入我们的许多激动人心的活动!

IACP活跃会员有资格获得 IACP 奖项、选举董事会成员并参加 IACP 赞助的在其他主要学术会议上的招待会。IACP目前拥有680多个会员,其中活跃成员约130个。我们的成员主要在北美和中国,但我们正有越来越多的会员来自亚洲、欧洲和大洋洲的其他国家。我们的成员包括城市规划、地理和建筑领域的教授、学者和学生。我们的会员还有为世界银行、政府规划部门、城市管管部门和非盈利组织工作的从业人员。

请在 <http://www.china-planning.org/form/membership/status.php> 查看您的会员状态。如果您的 IACP 会员有效期至2023年,请在 2023 年 2 月 28 日之前,在 <http://www.china-planning.org/alpha/membership/> 开始或续订您的会员资格。
